

## Changing places easy read update

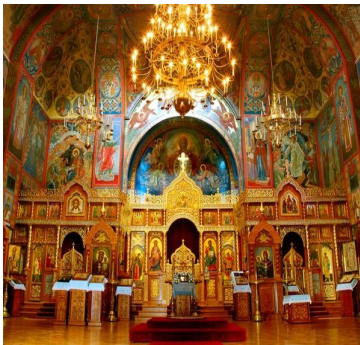

Hi all,

We have had a busy month and are completing the final stages of the new website map that will be going live sometime in October.

It was good to see this month that all Premier League Clubs will be improving their offered to disabled supporters and we hope this will add to the Arsenal and Liverpool Changing Places toilets.

We have had interest from a cathedral venue in the UK looking to install a Changing Places which will be a first!

Next month we are meeting with Welcome Break to talk about having a Changing Places toilets at their motorway service stations across the UK.

Later in October we are working with Aveso and the person in charge of the Changing Places facebook community page and forum to provide a training session for new campaigners.

The facebook page now has over 8,000 likes and continues to be a great forum for campaigners along with our own twitter account.
